

THE bYNG pOST

Feb 16 2016 (:

THIS MONTH'S COOL FACT

DID YOU KNOW.....YOUR THUMB IS THE SAME LENGTH AS YOUR NOSE -
GO AHEAD AND MEASURE IT WE KNOW YOU WANT TO

THIS MONTH'S COMIC IS

Three years ago when I taught grade one in the room that is now Mrs Campbell's, the power went out and we had no lights or heat. We started to get cold so, we put our snow suits on and sat and listened to books on my computer which also gave us some light in the classroom. We were having a great time and then the power then turned back on. The students were sad because they wanted to continue listening to stories in the dark !!!!!!!!!!!!!!!

We would like to give a big thanks to Mrs. McLean for her fantastic story

We would like to say hello to Austin Baldry in grade six - welcome to Byng
